SHOOTING FOXES

Farmers in Wales are gunning for foxes. Nothing startling in that—to an American.

But to the British mind, the shooting of a fox is sacrilege.

Foxes were created to be pursued by hounds followed by dashing ladies and gentlemen in gay raiment, mounted on the best of horses.

The only reason that foxes are being shot in Wales is that there are too many for the fox hunters. Foxes have been getting in each other's way when hunted with hounds.

May we be permitted a snicker at the British fox code.

American sports are crumpled of inconsistencies. Boxing is outlawed in many states, yet the more dangerous wrestling thrives. Scientists inform us that we are exterminating many species of game. Horse-racing is forbidden in most states because it has been debauched by gamblers. The majority of our young men are more spectators of athletic contests.

To snicker at the British fox hunting code might be risky.

SCHOOLS FOR ALL

Congress is more or less tangled up with discussions having to do with a department of education, headed by a cabinet member. Those in favor of the proposal insist this will raise the educational plans of America.

It is just possible that a secretary of education may do more to educate American minds than a commissioner of education, acting under the direction of a secretary of the interior has been able to do.

But—
 No secretary of education can do much more than a commissioner until there are—

Schools enough to prevent overcrowding of pupils;

Teachers enough to give each child individual attention;

Compulsory attendance to include at least two high school years.

The finest school system in the world will avail us little unless there are plenty of schools, teachers and time for children to attend school.

An eastern firm is trying to run its business without money. And they call that an innovation.

An Atlanta thief stole Calvin's overcoat, thus putting the cool in Coolidge.

Y. W. C. A. cafeteria cashier was stunned by John D. Jr.'s \$100 tip. If one must be stunned, we know of no pleasanter way.

Chesterton needn't be surprised because the American business man finds romance in pork. Why, it's pork that makes the plebeian baked bean sublime.

one else in the race. "Absolutely not," replied the Campaign Manager. "Votes cannot be transferred in this campaign, for once they are issued to any club member they must stay issued, and the property of that first club member, you cannot give your votes to any friend."

Open to All

One of the features of the Salesmanship Club is that it is open to all—anyone can enter and try to win one of these beautiful cars. Another feature is that it is absolutely without cost to the Club Members. It is not necessary for one to be a subscriber to the paper in order to enter and try in this campaign; all that is necessary for you to enter and compete, it self-determination and will-power to go ahead and to do your best, and ambition enough for you to stay in the race and really try to win one of these beautiful prizes. The awards will be given out to the Club Members having the highest totals on the closing night just about five weeks away; be one of the highest ones, you can do it if you try.

Best of all the prizes is the first Grand Prize—A Velle Six, which will be given to the very highest total on the closing night and then comes the Ford Coupe, another automobile which is very well known in this section. Really nothing need be said of the calibre of these two automobiles for most every one well up in the motor circles know these cars are among

the very best to be had. Would you like to own a Velle or a Ford? Well, I should say you would and so would anyone else—well if you are as ambitious as you should be, the News will give you one FREE for just a few bit of energy on your part for the next few weeks. On top of the wonderful list of prizes we have arranged to give to those who have made an active race and still who have not received a prize, a 15 per cent commission on the total amount they have turned into the Campaign Dept. Even if you did not win one of the cars or one of the other valuable prizes, your commission would be well worth the time you have spent.

How To Enter

All it takes to enter and become a full-fledged Club Member is just a little bit of ambition and pop, and the nomination coupon that you will find elsewhere in this issue. Just bring or mail it to the Salesmanship Club Campaign Headquarters, at once and we will at once come right out to see you and explain everything. A telephone call will bring the manager right out to your house with a receipt book, if you are interested in the campaign. Don't lose any time in starting for the one that gets started now will be the one to watch.

If you want to pave your way to success and a beautiful automobile, clip that entry blank NOW.

Honorable C. Telford Erickson, Commissioner to United States from Albania, Is Guest at Beach

Mr. and Mrs. Robert S. Holmes of Halifax have had as their house guest for the past couple of days a distinguished personage in the Hon. C. Telford Erickson, commissioner to the United States from Albania, the newest of all countries.

Mr. Erickson was sent here by his country as her first ambassador to Washington, but as he was formerly a citizen of this country, some technicalities arose which will be settled by Secretary of State Charles E. Hughes when he is sworn in next week.

In the meantime, he will be acting as commissioner, as there is much work to be done over here for this new and promising nation. Mr. Erickson was at one time a Congregational minister in Hartford, Conn., and held pastorates in several other states and is an old and valued friend of Mr. Holmes. He went to Albania a number of years ago as a missionary and became so much interested in the country and the people that he concluded to make that his home.

According to Mr. Erickson's information, in spite of the fact that England and France were allies during the war and are now fellow members of the League of Nations, supposed to have been organized to prevent war and maintain peace, have been indirectly in state of war against each other ever since the signing of the armistice.

"France is very much interested in Turkey and the Balkan states," said Mr. Erickson, "and she has thought her interests would be better protected by standing with the national army of Turkey. In order to do this she has been furnishing the Turks with arms and ammunition with which to fight and with France officers to command her troops. On the other hand, England is interested in Greece and she is furnishing arms and ammunition that that nation and Turkey and Greece are at war. It is therefore very plain that in this way France and England are actually at war now. There is now being held in London, however, a conference at which are representatives of Turkey, Greece, France and England and from present indications an agreement will soon be reached that will, as usual, be entirely satisfactory to British interests. Lloyd George is a great diplomat and usually gets what he wants. There is not the least doubt but he and Clemenceau got the best of William in practically every contention at the peace commission."

When asked if he thought it advisable for the United States to enter the League of Nations, the commissioner said:

"Not by any means. This country should do all it can to encourage world peace and it would be all right for it to be a member of a real peace league. The league as organized is and will be dominated by England and English interests, and the United States should not be under the domination of any foreign nation or nations. All of the real power of the league is in the supreme council, and it is perfectly clear that English influences and interests dominate it. I am not at all impressed with the justice of English and French diplomacy. At the London conference in 1913 it was agreed that Albania's freedom should be recognized, but at the beginning of the war, in order to induce Italy to join the allies, a secret treaty was entered into by France and England, giving Albania to Italy. But after the war Italy was unable to hold it without sending in a very large army, which she declined to do. As a matter of fact, Albania is now enjoying her freedom because she won it herself. Her people were so brave, patriotic and determined that Italy was convinced she could not conquer her except at tremendous cost, if at all."

In speaking of European finances Mr. Erickson said: "I am satisfied that European finances are being controlled right now against the interests of the United States and in the interest of the former. By the present scheme of exchange Germany is obliged to buy United States products of either England or France. England keeps her rate of exchange with Germany just so the latter can do better dealing with England than with this country. It is strange the financiers of this country do not see that this discrimination is obliterated in some way. Albania has yet no medium of exchange of her own. She is still using Italian and Turkish money, but something will be done to remedy this condition very soon."

Mr. Erickson in discussing the possibilities of Albania, which is now a full fledged member of the League of Nations, and whose independence is now recognized by all the nations of the world, Italy has surrendered all claims, said:

"There are in the world about 3,000,000 Albanians, but all of them do not live in Albania, as it is only about the size of Massachusetts and Rhode Island. There are some fifty thousand in this country. They have no school system worth while, no railroads or other methods of civilization and progress. They have a few newspapers and many of them take the Albanian paper printed in Boston called the Sun, or in their language the Dielli. Only about 30 per cent of the people can read or write, but they are naturally smart and industrious. They simply have not had the opportunity to learn. That is what they need and

Town Officers of Seabreeze Picked On Big Petition

Seabreeze is getting down to business in preparation for town elections next month, a petition already having been circulated containing names of residents for office for next year, a sufficient number of names having been signed to assure the names being placed on the ticket.

While no other ticket has been offered at this time it is believed that a second one will be offered, giving a lively contest at election time.

The ticket drawn at this time, to be submitted to voters is as follows:

For Mayor—Chas. A. Kenney.
For Councilmen, two years—N. E. Bates, Geo. Wilkinson and J. R. Tomlinson.
For Clerk and Assessor—W. H. Courtney.
For Marshal—J. B. Abercrombie.
For Tax Collector—John W. Williams.
For Treasurer—C. C. Gillette.

The selection of a ticket by petition this year will eliminate the necessity of a caucus in Seabreeze.

England would side with Japan, if at all. As showing the tendency of English sympathies he says that when the recent international tennis championship was on and William M. Tilden, the American representative and now world champion, was pitted against the Japanese, contestants, the English would go wild cheering even the mediocre plays of the Japanese, while they would ignore and even sneer at the most wonderful plays of the American. This was only a matter of sport and in a national way only a trivial matter, but it is a straw showing the tendency of the world," said Mr. Erickson, who is really fearful Japan will force trouble with the United States.

Meeting to Talk Organization Life Saving Corps Here

A. W. Shaw is very anxious that all those interested in a volunteer life saving corps being organized at the Beach shall meet at the Daytona Beach Casino Tuesday evening, March 1, at 7:30 o'clock.

John A. Rogers, chairman of the Red Cross movement in Jacksonville, and the state organizer will be present. Mr. Rogers says that if such a crew is organized here under the Red Cross system and willing to undergo the Red Cross tests, that organization will gladly see that it is financed and that it will furnish the necessary life boat and other proper equipment.

"This is certainly a grand opportunity to get just what we want," said Mr. Shaw, "and I hope there will be a big turnout of interested people next Tuesday night."

SILVIE ISSUES A CHALLENGE FOR FAT MAN'S RACE

As a special added attraction to the amateur racing program on Daytona Beach Saturday afternoon, I. A. Silvie, of the New Gables hotel, announces a challenge to all fat men of the Triple Cities and vicinity to a running race for 100 yards. This race, being a special added attraction, is to be run for a very valuable prize, something very dear to those able to raise an overflowing belt line.

It is expected that many of our leading "fat men" will do their track suits, or bathing suits, train down for the event, and be ready for speedy action when the starter's flag sends the entries in this event scampering up the race course.

It is expected that this event will have to be held for favorable tide conditions, and be pulled off when the tide is farthest out, as very few fat entries could line up alongside each other, although it is on the widest and fastest beach in the world.

This event is looked forward to with much enthusiasm by race goers and prospective entrants.

A deep veiled atmosphere of secrecy surrounds the substance to be awarded as a trophy, but it is promised by those in charge that the prize will be dear to the hearts of those entered.

Wednesday evening on Peninsula drive, near the Villa Marie, there was a serious collision of automobiles. A Buick car ran into a bus belonging to the Daytona Transfer company. The rear of the bus was very badly damaged, but while both cars had passengers, no one was injured. Howard Fisher was the driver of the bus. The Buick car was owned by a winter resident of the Beach from Keene, N. H.

J. H. Turner of Atlanta, Ga., special representative for the Underwriters' Association, called on Secretary R. L. Selden of the Chamber of Commerce today in relation to new and reduced insurance rates for Daytona Beach. It will be mighty good news when they are announced, Mr. Selden is confident.

Remarkable Gun Scores are Made at Seabreeze Club

Under the tremendous handicap of a very high wind, which threw the targets about like feathers, Frank A. Seibert of the New York Athletic club again won the coveted high gun prize with the unusual score of 97 out of 100 targets. He had one run of 62 straight, the best run seen on these traps this season.

The handicap prize was won for the second time by Mr. Powell, with a gross score of 98 out of 100.

A special team match resulted in a close finish, Messrs. Seibert and Gillespie defeating Messrs. Bonser and King, 182 to 179.

Pleasing and original trophies were donated by Mr. Gillespie.

Mr. A. M. Griffiths, the faithful secretary of the Triple Cities Tourist club, desires every visitor to know that there are two things in Daytona Beach that are absolutely free. They are: Free information and free registration. She says many people have not registered, because they have thought there was some cost attached to it. Both are absolutely free and she hopes every visitor will register. Office in the lobby of the Dixie hotel.

Mrs. E. A. Branch Passes Away After a Long Sickness

Mrs. E. A. Branch, of Daytona Beach, who has been seriously ill for the past several years, and in Johns Hopkins hospital in Baltimore since last summer, passed away there yesterday, according to a telegram received at the beach last evening.

Mr. Branch and daughter, Mrs. Mabel Graves, left earlier in the day for Baltimore, expecting to accompany their wife and mother to the beach, as it was known that she could not live but a short time and she had expressed the wish to be brought home.

Mrs. Branch had been suffering from an ailment which doctors could not cure, it being generally held that she had internal pelagra. She had been unconscious the past few weeks, steadily failing.

Beside her husband, Mrs. Branch leaves a daughter, Mrs. Graves, and son, Quinn, who is at home at the beach.

Plans for the burial have not been made at this time, excepting that the interment will be made in Pineknoll cemetery, upon the arrival of the body from the north.

Mrs. Branch leaves scores of friends at the beach and throughout the state who mourn her passing.

RIDGEWOOD HOTEL

Mr. and Mrs. Sam Wallace of New York City are expected at the Ridgewood tomorrow to remain for the balance of the season. They are old time friends of Daytona and of the Ridgewood, where they always enjoy the season to the fullest extent. Mr. Wallace is a clothier and haberdasher on Broadway and is a well known business man. He is fond of golf and of fishing, and in Daytona he is able to enjoy these sports and he always finds many friends here who are glad to extend to him a cordial welcome.

Mr. and Mrs. J. G. Hickey of New York City will arrive at the Ridgewood on Saturday to remain for the balance of the season. Mr. Hickey is a brother of the Rt. Rev. Thomas F. Bishop of Rochester, N. Y., who is a guest of Mr. and Mrs. N. P. Young of South Ridgewood avenue and it is an added pleasure for them to be here with their reverend brother. Bishop Hickey has been in Rochester since 1909.

Mr. and Mrs. O. H. McCormack and daughter Marjorie and Mr. and Mrs. G. G. Behn of Detroit have returned to the Ridgewood, having enjoyed a motor trip to Palm Beach and Miami. They are glad to get back and have decided that Daytona and the Ridgewood are the pleasantest places in which to spend the winter and will remain here for the balance of the season. The gentlemen are connected with the Hudson Motor company.

Mr. and Mrs. Mark H. Thompson of Tampa and Mrs. George H. Wilson of Chicago were recent visitors at the Ridgewood.

Mr. and Mrs. W. H. Paulineau of East Orange and Mr. and Mrs. C. Baker of Bernardsville, N. J., are among the new arrivals at the Ridgewood.

Mr. and Mrs. Billy Hara of Montreal, Canada, arrived at the Ridgewood on Thursday.

Mr. and Mrs. Richard E. Brown and Mrs. A. Dolan are new arrivals at the Ridgewood, as are also Mr. and Mrs. Thomas Martin of Birmingham, Ala.

HOTEL DESPLAND

The weekly bridge party of the Despland hotel is being held this evening instead of Thursday, which is the usual time. The change was made in order to enable the guests who desired to attend the Billy Sunday services on Thursday. There was a large delegation from this hotel on that evening, and on several evenings the guests of the Despland have attended the services.

On Saturday morning there will be a putting match on the grounds of the Despland. All the guests enjoy these contests and many take part in them.

PRINCESS ISSENA

Among the most interesting people at the Princess Isseena this season have been Mr. and Mrs. John F. Walters. They have been in Seabreeze for some time and will remain until the end of the season unless unexpected business duties should call them away.

Mr. Walters was for several years engaged in the banking business in Scranton, Pa., and is now devoting much of his attention to his mining interests in Tennessee, and they spend a part of the time in Chattanooga. He is comparatively a young man, but has attained a marked success in a business and financial way and life generally has brought him much satisfaction. Mr. Walters has every faith in the Triple Cities. He believes that they have a wonderful future and that a few years hence will find property here much increased in value. He considers the climate one of the very best to be found anywhere and expects to spend much of his time here.

Mr. Walters views the industrial situation optimistically. He is deeply interested in the outcome as an employer and has faith to believe that under the incoming administration conditions will be materially improved.

Mrs. Walters is a charming woman, who makes friends wherever she is known, and she always takes a lively interest in the business affairs of her husband, and he says her judgment is first class. They both enjoy life at the Princess and have made many friends there.

When such people as Mr. and Mrs. Walters become friends of any town they are genuine assets, for they are always good boosters and the more time they spend here the better it is for the town, for Mr. Walters is always active and enthusiastic and should be able to make investments which would be a real benefit to the community.

HOTEL ORMOND

Recent arrivals at the Hotel Ormond include: Mrs. Edgar A. Todd, Mrs. A. Todd, Piqua, O.; Arthur V. Milliken, Mrs. Milliken, Boston; Mr. and Mrs. J. W. Warwick, Mr. and Mrs. J. E. B. Borden, Fernandina, Fla.; Mr. and Mrs. T. S. Snow, Boston; Mrs. Charles Williams, Philadelphia; Mrs. Grant Walker, Boston; the Misses Elliott and maid, Canada.

Two Weeks' Old Babe Enjoys the Sunday Service

Charles Robert Tebbe, two weeks of age, the son of Mr. and Mrs. Charles B. Tebbe, Seabreeze, with the distinction of having been the youngest child to attend a "Billy" Sunday service during that famous evangelist's 76 years' evangelistic career.

Wednesday afternoon, while "Billy" was denouncing the devil, and splitting God's word in his famous sermon of especial interest to mothers, young Charles, warmly wrapped in a wool cloak, in company with his older sister, Verma, who is one year old, occupied the grand stand seats in the nursery.

Several times Charles, disagreed with some point stressed by the evangelist, and let up a faint little wail, to be hushed by the kindly woman in charge of the nursery. Altogether Charles was very interested in the sermon, despite those one or two childish objections voiced in a baby's wail.

Just as Billy was holding the intense interest of his grown up hearers, with a very forceful denunciation of the devil, going through his extreme melodramatic attitude, young Charles not knowing nor caring who this old bird called the devil was, lost interest in the sermon and tumbled off into the lap of Nod and remained asleep until after bedtime to his mother's arms to be carried home, therefore an interview was impossible.

ORMOND

The Hotel Ormond baseball team is making a good record this season, having won all games played with the exception of the Deland game, Saturday, the 19th. Hotel vs. Ormond, 7 to 3; Monday, Feb. 21, Hotel vs. colored team from Daytona, 2 to 0; Wed. Feb. 23, Hotel vs. Ormond, very close and interesting game won by one run in 9th inning. Many interesting games are looked for during the season.

One of the largest crowds ever assembled in Ormond was that which witnessed the school program and "Ye Old Tyme Concert", rendered by the Parent-Teachers Association Friday night. The school program consisted of the following numbers: Motion song and play "Babes in the Woods," by the primary grades. Little Monica Thompson and Bob Gotman were very cunning as they represented the lost babies. Then Violet Wingate, Mary Green, Gladys Burnett, Billie Givens and Dan Murphy, in costumes, made a pretty picture as they scattered leaves over the lost babies. A song, "The Popcorn Man" was sweetly given by the 4th grade. Little Eleanor Welti then delighted the audience in her usual charming manner with a dance, "The Star Spangled Banner" was successfully pantomimed by a number of girls from the grammar grades. This and a patriotic drill, composed of 18 pupils, which ended in a tableau of the Nation's History, was greatly enjoyed by all.

Daytona Facing Problem of New School Building

The congested condition of the Daytona public school is a matter of worry to officials of the schools at this time, even greater than at any time in the past, because of the weekly increase in attendance at this time of year.

It is evident, faculty members say, that Daytona must provide another school building as soon as possible, in order to relieve the crowded condition of the three schools here, the congestion causing deficiency in learning, it is claimed.

At present each pupil has but an average of 12 square feet of floor space, while each pupil should have at least 20 square feet.

The South Ridgewood avenue school is filled to capacity at this time, while the North Ridgewood avenue school has been using the auditorium of the building for class rooms for three years, because of congestion.

The local high school has 160 pupils, with but four recitation rooms. The library, chemistry laboratory and first aid room, have had to be used continually.

While last year's enrollment was about 115 more than the previous year, this year the attendance swelled to 135 more than last year. In addition a kindergarten is sadly needed.

It is thought that a new school building, if commenced at once, would meet the congested condition found at this time, accommodate those who will be entering next season and make ample room for a kindergarten.

Some Interesting Figures

Prof. J. H. Eastham, of the Daytona public schools has compiled a most interesting chart showing the ability shown by every student of the local public schools, each pupil being placed in the various classifications of normal, retarded and accelerated.

A perusal of the chart shows that of the pupils in the North Ridgewood school, five grades, there are 111 normal, 56 who are classed in the retarded class, and 17 as ahead of the normal ability.

In the South Ridgewood school there are the same number reported as normal, 111, while 56 are retarded, with 30 in the accelerated class.

In the Central grade school 90 pupils are normal, 85 are retarded and 25 as accelerated.

In the high school, 66 are reported as normal in efficiency of learning, 70 are retarded and 17 accelerated.

A total of all Daytona school pupils gives 378 as normal, 348 are retarded in learning and 79 as advanced in the classes in which they are placed.

Causes of retardation, as given in the chart include: physically defective, sickness, truancy, poor home life, late start, laziness, overwork, change of schools, irregular attendance, etc.

Of the total retarded, 187 are boys and 156 girls, of the normal, 157 are boys and 221 are girls, and of the accelerated, 33 are boys and 46 are girls.

A meeting of all members of the committee having in charge the raising of funds and laying out of the program for the Daytona visit of the National Editorial Association here in several weeks, has been called at Casino Burgoyne for next Tuesday evening.

Booster Party Enjoy a Short Visit in City

After delightful rides along the beach, attendance at the Billy Sunday meetings, and a visit with local committees, the party of thirty-eight Hendersonville, N. C., boosters departed at a late hour last evening for DeLand, where they spent the night, continuing their homeward trip today.

The party was treated to a fish fry at New Smyrna Thursday noon and taken about the Halifax Country during the afternoon, arriving here about 7 o'clock.

The party was led by A. W. Honeycutt, secretary of the Boosters of Hendersonville, and superintendent of schools in that city, who is well known here, as he was formerly secretary of the Board of Trade at DeLand, and lived in Volusia county many years. By the party were many of the more prominent business men of Hendersonville, on a trip to boost their city as a summer resort.

They were extended every courtesy by the local reception committee of the Daytona Chamber of Commerce, and were most profuse in their thanks for the reception tendered them on their short stay in the Triple Cities.

Cause of Sleeping Sickness Given By Chiropractor

That sleeping sickness is caused by vertebrae of the spinal column being out of normal position, is the belief of Dr. E. J. Meinhardt, chiropractic physician, who has had occasion in his practice to treat two such cases with success in both instances. His latest case was that of Mrs. T. N. Kinkaid of Newberry, Florida, who had been in a state of coma for six weeks before Dr. Meinhardt was called in.

She had failed to respond to medicines administered by a score of physicians from various sections of the United States, and her husband finally heard of the Daytona doctor who was called to Gainesville where Mrs. Kinkaid was in a hospital. She was brought here and after six weeks returned to her husband and children entirely recovered.

In speaking of Mrs. Kinkaid's case, Dr. Meinhardt said: "I found a vertebrae of the spine in the neck out of normal alignment which caused irritation of the nerves, resulting in muscular contraction and congestion that interfered with normal circulation to the brain. This effected the lobe of the brain which controlled sleep. It was a comparatively easy matter to adjust the vertebrae back into place and then the patient had to be kept in a comfortable position until nature restored normal conditions. In my opinion, sleeping sickness can not be corrected by medicine any more than a dislocated shoulder could be replaced by internal treatment."

Dr. Meinhardt served his country during the World War. He was with the medical corps and was overseas more than a year having been connected with the base hospital, as well as the field hospital. Although only 29 years of age he has had the distinction of having been called upon to attend John D. Rockefeller at his winter home, The Casements, located at Ormond, Florida.

"KEEP TO THE RIGHT" SHOWING TONIGHT AT THE SEABREEZE

"Who shall it be?" asks Edith Taliaferro in her latest and greatest motion picture triumph as she is torn with doubt between the fires of two lovers—the man of means, whom I only admire, but do not love—at least not yet, or the man of my heart, whose means are modest?

"KEEP TO THE RIGHT"—Is the answer she gives—but not before enduring nerve-racking trials and torturing suspense which, for their dramatic power and intensity have never been equaled on the screen. Plunged in the bewildering situation which many a girl finds herself nowadays, Edith Taliaferro, the one and only "high-sister" of the screen, fights her way out of the maze, and ends in a thrilling climax that compels unqualified admiration.

Her position, in the role of Esther Field, is by no means a pleasant one. There is Robert Graham, handsome, devoted and wealthy, who would go to the end of the world for a smile from her winsome lips—and by his side stands Dr. Morris, celebrated surgeon, sturdy in character and purpose, straightforward in his affection for her, but of modest means. Which shall it be? An accident decides her choice. By a strange freak of fate, Robert falls over an embankment, pinned underneath his car while driving one afternoon. Only one man can save him from death—Dr. Morris, the surgeon who is called upon to operate on his rival. If he fails, it will be said that he intentionally sacrificed the life of his rival so that he might be free to marry the girl. There is no other surgeon expert enough to perform the operation. How shall he decide? In one of the tensest moments ever depicted on the screen, this problem unfolds itself in a manner so impressive as to stamp "Keep to the Right" as one of the triumphs of the motion picture art.

"Keep to the Right" will also be shown Saturday afternoon and evening, also the Halfmoon Boys in "Oh, Boy."

TOO LATE TO CLASSIFY.
 LOST—On Tuesday, Feb. 22d, a diamond stud. Reward if returned to 132 Atlantic Ave., Daytona Beach, p2-25-3t.

FAMOUS JUVENILES IN TAYLOR FILM "THE SOUL OF YOUTH"

The cast of "The Soul of Youth," the new Realart special which will be the featured attraction today and tomorrow at the New Daytona Theatre, is a veritable gathering of youthful celebrities and infant prodigies.

To begin with, there is Lewis Sargent, playing the principal role. Since the showing of "Huckleberry Finn" to millions of people all over the country, young Sargent is perhaps the best known and liked boy actor in the world, though Master Ernest Butterworth, of the famous snub nose, runs him a close race for popularity. Master Butterworth has been acting before the camera for some time and his saucy face is well liked by motion picture audiences. He is a wonderful little comedian, as will be recalled by all who saw him in the role of "The Kid" in Allan Dwan's production, "The Luck of the Irish."

Little Miss Lila Lee, already well known on the screen, is another member of the cast, and handles a charming girl role with her usual cleverness. William Collier, Jr., who plays "Dean" to the ingenue, is the son of the well-known actor, William Collier, but is not wholly dependent upon his father's fame for consideration, as he has made something of a mark for himself, both in stage productions and upon the screen as well.

In addition to these clever juveniles there are several distinguished adult

actors and actresses, not the least distinguished of whom are Judge Ben Lindsey and his wife, of Denver, Colorado. Judge Lindsey has not deserted the bench for the screen, but consented to appear in several scenes of this distinctly "boy" picture solely because of his intense interest in boys, especially boys of the street who have never had a square deal, nor a chance to develop happily and normally into men.
